

16-13-150 Outdoor Lighting. All street light fixtures shall be installed to prevent light glare from adversely affecting adjacent properties. Exterior wall mounted floodlights are expressly prohibited. For parking lot lighting, pole mounted fixtures are recommended. Lighting of all pedestrian pathways is recommended. Lighting of a building and site identification signs are permitted as allowed by this ordinance.

Lighting will be judged as to how adequately it meets its intended purpose. Design and location of standards and fixtures shall be specified on the site development drawings. Intensities shall be controlled so that neighboring areas will not be adversely affected by glare or excessive direct light. All street lights shall be "shoe box" design type fixtures and installed as required by the Night Sky Provisions of Chapter 30 of the LUMC.
